

TEN X SHOOTING CLUB, INC.
853 RANSOM ROAD
LANCASTER, NEW YORK 14086
<http://www.tenxshootingclub.com>

THERE WILL BE NO MEETING IN JUNE

- We will be taking a hiatus for the summer. Hope everyone enjoys themselves and has a safe vacation! Any persons interesting in joining the Club may continue to submit applications to any Officer at regular Thursday night practices. Any applicants who qualify for membership before we resume regular meetings will be considered for membership and voted upon by the Board of Directors.
- The summer work schedule is attached to this newsletter. Please check for your assignments! **Anyone who has a conflict should try to resolve the conflict by switching assignments with another member.** The membership roster was mailed out with the last newsletter. If after you attempt to switch assignments and cannot find a substitute, then you should call the President, Peter Vasilion, as soon as thereafter as possible.
- The Western New York Outdoor Pistol League generally shoots every Sunday beginning at 8am and running to noon. It is a traveling league and matches are held at out range, Tonawanda Sportsmen's Club, and Niagara County Sportsmens Association. The League fee is \$5.00 and it costs \$3.00 for a range fee (per 30-shot match). The League allows shoot-aheads so you can bank up several weeks worth of shooting at one match. So far, we have a team consisting of 5 or 6 members, but we could always use more. And, new shooters are always welcome! So, stop out some Sunday and see what its all about!
- The Club is moving forward with having the indoor range parking lot paved. We believe that this will make the use of the range in the winter more enjoyable, cleaner, and help cure some of the parking problems we have had recently. We don't know when work will begin, but be mindful that the indoor range may be closed for a couple of days this summer and we apologize for the inconvenience.
- Thanks goes out to the following people who helped replace the collapsing post at the outdoor range: Bill Perry, Paul Englert, Ken Curtis, Roy Smith, Mitch Vogel, Hayden Vogel, and on Hey.
- **We hope everyone enjoys the summer. Please take a friend or acquaintance shooting. Preferably someone who has never shot a gun before. Educate your neighbors because we need them more than ever in the fight to protect our right to keep and bear arms.**

Good shooting,

Peter Vasilion
